- The world's 4th largest economy (in terms of PPP);
- GDP growing at around 9% per year;
- A middle class of 350-450 million people, with money to spend;
- Share of 80% of the global outsourcing market.

These are just some of the facts about India. Are you capitalising on any of them?

The nation is portrayed as one experiencing tremendous economic growth and offering indisputable opportunities; a market not to be ignored. But what's the truth about India? What are the real opportunities and what are the challenges?

How we can help you

The India Business Service (IBSC) focuses on advising clients about the opportunities and challenges of doing business in India. The IBSC is a multi-disciplinary group, combining all areas of expertise available within our firm, while providing one single point of contact. Our advice to clients typically covers the following:

- India strategy development;
- Offshoring and outsourcing (e.g. business processes, IT);
- Deals (Mergers & Acquisitions, Joint Ventures, Greenfields);
- Tax and regulatory (Dutch, Indian & International tax).

In addition, the IBSC team advises Indian multinational companies entering or expanding their business presence in the Netherlands/Europe.

PricewaterhouseCoopers IBSC, forging a unique link between the Netherlands and India

The IBSC supports you in your journey to India. No other firm is able to draw on such a rich pool of connected, expert resources. The combination of objective assessment by a central team, with local knowledge, first-hand experience and contacts can save you time and money.
